

Domino Cube

A popular, complex brain teaser for one player. *Medium level. Recommended: all. Popularity: ******

The puzzle is made up of 9 wooden pieces. There are 3 cubes you can make with this puzzle.

1. Disassemble the cube and reassemble it back together regardless of the color dots.
2. Disassemble the cube and reassemble it to a dice (on each side appears a different number from 1 to 6), so that only the red dots will show.
3. Disassemble the cube and reassemble it to a dice (on each side appears a different number from 1 to 6), so that only the green dots will show.

Too difficult? Take a hint from the included solution below.

Have fun!
